### **DETAILED ACTION**

1. Claims 47-88 are pending in the present application.

#### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 47-88 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 47 the following limitation is vague: "activating a message viewer on the terminal" [note: claim 1 line 4]. The term "on the terminal" is vague. It is unclear as to how the system activates the message viewer. Does the user make a selection on the screen executing a software procedure or is there a special button that activates the message viewer? This rejection also applies to independent claims 53 and 59 which include the limitation "on" the terminal [note: claim 53 line 16; claim 59 line 7].

Regarding claim 65, the following limitation is vague: "causing a connection with the terminal to be established" [note: claim 65 line 4]. The term "causing" is vague. It is unclear as to what element establishes a connection. This rejection also applies to independent claims 69, 73, 77, 81, and 88 [note: claim 69 line 5; claim 73 line 5; claim 77 line 4; claim 81 line 5; claim 85 line 5].

***Allowable Subject Matter***

4. Claims 47-88 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. The following is a statement of reasons for the indication of allowable subject matter: The prior art of record fails to teach the message viewer as cited in the independent claims.

***Conclusion***

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
